

# Bangladesh Water Wells

July 2010

*Bismillah Ar Rahman Ar Raheem,*

Alhamdulillah, the water wells project in Bangladesh has been completed.  
JazakumAllahukhayran for your generous donations.

## WHAT DID WE ACHIEVE...?

Following on from our previous water well projects in Sri Lanka and Malawi, we have managed to provide 10 water pumps in the districts of Kurigram and Tangail in central Bangladesh. This was performed by the Grace of Allah with our project partners, Freewaterwells.

## WHAT NEXT...?

We are in the process of arranging projects throughout the month of Ramadan, including arranging the distribution of Zakat al-Fitr. In addition, there is likely to be another similar water project very soon InshaAllah. Please keep an eye out on our website, [www.muslimpovertyrelief.org.uk](http://www.muslimpovertyrelief.org.uk), for our latest projects.

JazakumAllahukhayran,
